Cures & Curiosities

Wicked Uncle Seymour gifted his Aunt Wilhelmina a haul of exotic ingredients from his travels, convinced of their mystical, cure-all benefits. Wilhelmina's approach to finding a remedy was more home-grown and hblistic. So she started to experiment with combining her own foraged and nurtured ingredients with Seymour's and documenting the effects in her journal. What mattered most to our dotty Aunt was that her cures packed a punch!

Wilhelmina's regular house guests would often be bid a fond farewell and packed off with little vials and bottles of her homemade remedies (the very elixir to address the concerns she had teased out of them in the wee hours after supper).
